Class Spotlight: First Grade

First grade had a very busy month! Dr. Gregory came to present religious relics to the school. Students were given a rosary to touch to each relic. They also spent a lot of time learning about Moses and participated in activities including hiding the baby in the basket and trying to part the Red Sea! First Graders also enjoyed many hands on activities including a virtual safari where they learned about habitats! First Grade is a lot of fun!

ITBS Test Results

We are always so proud of our students! We want to take this opportunity to announce just one of their exceptional achievements. Our school kids, grades 3-8, participated in the ITBS testing this fall. This test assesses their knowledge of what they have learned in school. We are so excited to say that our students scored above the national average in all areas. Thanks to our wonderful teachers that help our kids grow in faith and knowledge, too. Keep it up!
