

Love What

Class Spotlight: Third Grade

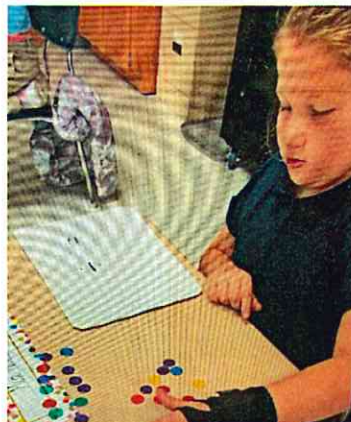

Third graders lend a helping hand by singing at Mass during the week. This class loves to sing for Jesus! They have also been working very hard at using a clear speaking voice to read the daily readings at Mass. They are doing an amazing job. Another way the students have been helpful is by taking part in donating toys to the Toy Drive for Catholic Charities and the Jackson Police Department.

One of our favorite things to do is to learn all about the advent wreath and finding different ways to help spread hope, peace, joy, and love to all of those around us!

Third graders have been working hard in math! They have been learning several new strategies and techniques to multiply and divide. They have also been very busy learning, playing games, and competing against each other on the iPads. All of these things are used to help them remember multiplication facts.

Immaculate Conception School News

Our Students and families have giving hearts! They completed many works of charity during the Christmas season!

- Toy Drive
- Canned food drive
- Raised over \$2,000 for those effected by the Tornado
- Packed snacks for children in need

"Do small things with great love."
-Mother Teresa

Music Program with Mrs. Keitzer:

Students in grades K-2nd performed a Christmas musical based on the animals in the Nativity. The upper grades have also been working on Christmas songs to share.
