Class Spotlight: Eighth Grade

Eighth Grade Graduation

These students have worked hard and through the years formed a close bond. They made an impact on our school and will be missed. We are all so proud of them!

We have lots of traditions at IC, like the live stations of the cross and putting away the Alleluia during Lent.

Prayer, fun, and fellowship... The eighth grade class goes on a retreat every year. It is an amazing and moving experience.

Immaculate Conception

Sixth Grade

The sixth grade enjoyed participating in Mass and Catholic Schools Week during the third quarter. In math, they learned about area, surface area and volume, operations with fractions, decimals, and percentages. They finished the year with an introduction to solving equations.
